## Club Repairs

### Re-Gripping

*A full re-gripping service is available with a selection of top grips at all prices to replace yours when they loose feel and traction, discounts are available on full sets, our service is professional and fast.*

### Re-Shafting

*Broken shafts can be replaced to match specification or old shafts upgraded using our custom fitting system to match a shafts properties to your game.*

### Loft and Lie

*The loft and lie of your iron clubs can be checked and changed if required to match your height, posture and angle of attack. A club that does not match these points in a player can be the cause of many bad shots.*

### Club Lengthening, Shortening, Custom Fitting and all other club making services are available at the Tee Green Golf Academy

*We work hard to insure all clubs that require repair or alteration are back in a customers bag before you next step onto the first tee*
